

Choose The Right Binding Option for Your Requirements

COIL BINDING

- ✓ Coils will not bend, distort or spring open if pulled, even on large documents.
- ✓ Documents lay completely flat and can fold back at a full 360 degrees.
- ✓ Available in all sizes from 5mm to 50mm (from less than 30 sheets to 460 sheets) based on 80gsm paper.
- ✓ A wide variety of colours available as standard.
- ✓ Coils are fully recyclable
- ✓ Lead, allergy and phthalate free, so extremely environmentally friendly.
- ✓ Completely child safe and ideal for foodsafe environments such as health & safety records in restaurants, schools or hospitals.

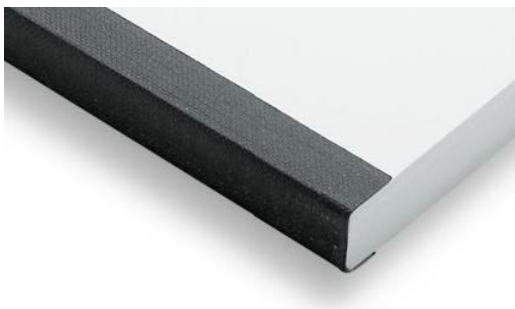

COMB BINDING

- ✓ A cost effect binding method.
- ✓ Labels can be added to spine so can be easily identified when on a shelf.
- ✓ Easily opened so pages can be changed or added.
- ✓ Available from 6mm to 58mm. Maximum recommended is 200 sheets of 80gsm paper.
- ✓ Used in Supreme Court and Privy Council appeals and many other legal documents.

WIRE BINDING

- ✓ Allows documents to lay flat when opened.
- ✓ Pages cannot be easily removed.
- ✓ Available in various sizes. Maximum recommended is 200 sheets of 80gsm paper.
- ✓ Black, white or silver as standard.

PERFECT BINDING

- ✓ A permanent binding option to enhance all of your presentations.
- ✓ A choice of clear, printed or leather effect covers.
- ✓ Pages cannot be removed without tearing.
- ✓ Binding strips are available in various colours.
- ✓ We would not recommend for documents that are very thick or in constant use.
